Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Sunday 28 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunshine on Sunday and Monday, then cloudier.

Today:
Any fog patches will soon clear to leave a dry day with plenty sunshine for most, though some northern parts may see some patchy cloud. Feeling mild. Maximum temperature 11 deg C (52 deg F).

Tonight:
A clear and dry night, though some eastern parts may see some low cloud and fog development towards the early hours. Chilly, with some frost developing in places. Minimum temperature 0 deg C (32 deg F).

Monday:
Fog lingers for some, and cloud is seen by most during the morning. This breaks up into the afternoon, however, allowing for some sunny spells. Mild with light winds. Maximum temperature 12 deg C (54 deg F).

Outlook for Tuesday to Thursday:
Cloudier into Tuesday, though still with sunshine in the west. Cloudy again on Wednesday and Thursday, with a little rain and light winds. Becoming colder from Tuesday.
